

# RACKABLE. STACKABLE. PERFECT FOR EXPORT.

Introducing the SureStacker™ - a corrugated pallet designed for multiple uses in all types of industry.

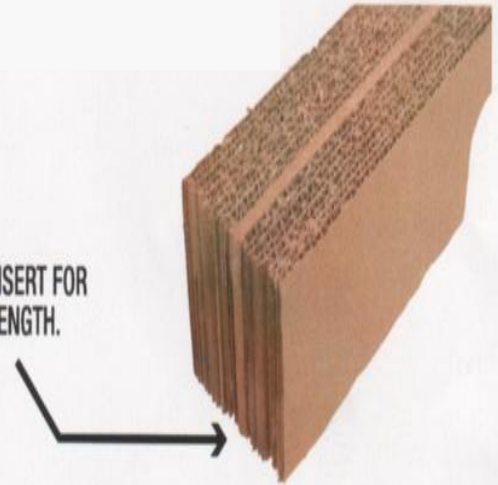

The patented design provides a custom-made, economical paper pallet that is durable and safe for easy handling yet strong enough to be racked in a warehouse.

All of our pallets are absolutely exempt from international shipping restrictions, and are welcomed everywhere as an alternative to wood pallets.

With availability of both two and four-way fork entry, these made-to-order pallets can be tailored to your application.

HARDBOARD INSERT FOR  
SUPERIOR STRENGTH.

Ranging from 60" deluxe 4-way runners to small 3" blocks, our components and processes are diverse and may be customized to solve almost any shipping need.
